

## TRU-CLOSE® HEAVY DUTY SELF-CLOSING HINGES

### APPLICATION

TruClose® Heavy Duty hinges are designed so that the commercial user can quickly and easily adjust tension to support a 700lb gate load and self-closes up to a 132lb gate, for the ultimate safety around pools and other areas **requiring self-closing gates**. Hinges are rust-free and are self-lubricating.

### COMMON FEATURES

- » Super-strong unique engineering polymer and stainless steel components
- » Internal, tension adjustable spring – no dangerous external spring
- » Ideal for heavier or high-traffic gates
- » Supports a 700lb gate load and self-closes up to a 132lb gate

### TCHD1ARP-MK2 TRU-CLOSE®

- » Fits metal gates

### TCHD1AL2-MK2 TRU-CLOSE® WITH ALIGNMENT LEGS

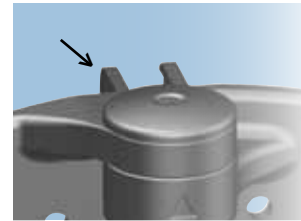

- » Fits metal gates
- » Two alignment legs for easy installation and added strength

### TCHD2RP-MK2 TRU-CLOSE®

- » Fits vinyl and wooden gates

### TCHD2L2-MK2 TRU-CLOSE® WITH ALIGNMENT LEGS

- » Fits vinyl and wooden gates
- » Two alignment legs for easy installation and added strength

**ALIGNMENT LEGS**  
Quick-fit alignment legs ("L2" models) allow for fast installation and added fitting strength. Two legs provide secure, double-face fixing.

**WON'T  
RUST, BIND,  
SAG OR  
STAIN!**
