

**CONDUIT BENDERS**

All NSi conduit benders have cast in-angle indicators with raised bending points of reference to aid the installer. The bodies are aluminum die cast which are lightweight yet strong enough for everyday use. Handles are tough steel construction and have a black powder coat finish that is textured for better gripping; flared handle corrects overbends.

CATALOG NO.	UPC CODE	DESCRIPTION	TYPE	CARTON QTY.	WEIGHT (LBS.)
